PRIVATE M. S. RENNIE.

Malcolm Stark Rennie is, as his name indicates a native of Scotland, and was born at Mary Hill, a suburb of Glasgow. He is thirty-three years of age, and has for several years held a very high position amongst the rifle shots of the United Kingdom. The first corps to which young Rennie attached himself was

the 1st Dumbarton, a corps noted alike for its drill and its shooting, and one which has many times gained the encomiums of the Commander-in-Chief. His natural taste soon led him into the shooting squad of this corps, and it was not long before he asserted his superiority with the rifle, putting down some of the most redoubtable of the Dumbarton shots.

At drill he was as good as on the range, and it was not long before he was in the ranks of the non-commissioned officers; 1888 finding him ranking as a sergeant. It was only natural that an ambitious marksman like Rennie should wish to pit himself against the very best shooting men he could find for he had learnt the lesson that super-excellence can only be attained by the very keenest competition, and so in the natural order of things he attached himself to the 3rd Lanark Rifles in 1889, which was then as now the finest shooting Volunteer corps in Scotland. Young Rennie had already made too great a name in the shooting world to be passed over by his new comrades, and it was a very short time before he was one of the recognised shots of a company which contains more Queen's Hundred men than any other. What did a great deal to stamp his superiority about this time was the fact that he won a Martini rifle given by the Colonel of the corps for competition, and in which all the principal men competed. After this great things were prophesied for Rennie who by the way was always a great favourite, his genial good nature and manly enthusiasm for his corps being a byword amongst his comrades. Since his first year in the 3rd Lanark he was always included in that corps' first team for matches against other corps, and his name was invariably found close to the head of the score sheet.

In 1889 such was the fame of the young shot that he was chosen to represent Scotland in the International Team, and has been a member of that team ever since, an honour which falls to the lot of but few. At the National Rifle Association meetings he has been a constant attendant since he took up shooting, and many of the very best prizes have fallen to his prowess. In the Grand Aggregate Match, one of the greatest at the Bisley Meeting, he has on several occasions occupied high places, and this year he succeeded in getting a close second and winning the silver cross trophy. He also got a high place in the Volunteer Aggregate as well as in the All Comers Aggregate, whilst most of the other prize lists have his name in a prominent position upon them. In the Queen's Prize he fired 65 shots at all ranges, making 283 points out of a possible 330, which is the highest score yet made for this great trophy, and when the weather is taken into consideration there is little doubt that Private Rennie is the finest shot that Scotland has ever produced. Many humorous stories are told of the 3rd Lanark men at Bisley, where they were wonderfully successful this season, as in addition to Rennie receiving first place, M'Gibbon was second, Muirhead fourth, Izatt ninth, whilst five others of the corps' representatives succeeded in getting into the coveted Queen's Hundred.

Rennie holds one of the N.R.A. medals and as a medallist took part in the Prince of Wales's, in which he got a prominent place. All the 3rd Lanark men are earnest believers in the merits of the Webley-M'Gibbon Martini, as is only natural considering that M'Gibbon is a member of the corps, and one of its most prominent shots. Rennie's 1894 shoots, as given in the 3rd Lanark Chronicle are, International 84; Scottish Meeting-1st in Grand Aggregate, First Stage Championship 5th, Second Stage Championship 5th, Bannockburn Prizes 8th, Coal Exchange Aggregate 9th, besides several minor prizes. In the Western District competitions he got fifth place. The Inter-regimental Match saw Rennie at the head with 99 out of 105, whilst in the Corps competitions his name appears constantly in the prize list. All these are, in addition to the prizes he took at Bisley, a record which should surely satisfy any rifleman in the world. Rennie has since been unanimously elected a Lieutenant of the 3rd Lanark, another testimony to his sterling worth. He is not a teetotaler, indeed rumour says that the mixture kept by Rennie and M'Gibbon at Bisley for a slight cold or such like had a label bearing the well-known "Bullseye" brand, and that it was to this as a corrective to the execrable weather that both owed their wonderful shooting. Rennie, although not a heavy smoker, loves a pipe, and does not believe that the use of the fragrant weed does him any harm. He is in business as a timber merchant in Glasgow.'

This was an important official Royal Navy document that was used to help a seaman get a pension if he was discharged due to injury.

HMAS Sydney was commissioned at Portsmouth, England on 24 September 1935 under the command of Captain John U.P. Fitzgerald RN and spent the early part of her career on the Mediterranean Station arriving at the Sydney Station on 2 August 1936. She remained in home waters and on 9 October 1937 Captain J.W.A. Waller RN took over command from Captain Fitzgerald.

AB C. Erickson whilst sleeping under the port shelter on the upper deck of HMAS Sydney a sea change took charge of the lower boom which struck him on the head. He sustained a horse shoe shaped laceration of the scalp about nine inches long, the entire layer of the scalp being split. He was sober at the time.

\$250

The Soldiers Church of England Help Society was established by military chaplain, David John Garland, in 1915 when he was a senior chaplain. He created Anzac Day wreath laying ceremonies at memorials as well as the Anzac marches and the two minutes silence.

Eliza Ellen (nee Worrall) Tritton OBE (born c1871 - died 1968), a philanthropist, was the wife of the famous Queensland furniture maker, Mr Frederick Tritton. Both of them were born in England but were married in the Holy Trinity Church at Woolloongabba in Queensland in 1889. Eliza and her husband later moved to Clayfield in Queensland where they became members of St Colomb's Anglican Church. Eliza established the parish Girls' Friendly Society that encouraged the learning and development of young members through social events and lending them books from her own library.

She was a founding member of The Soldiers Church of England Help Society mainly involved in fundraising and organising social events. She was also a supporter of a number of philanthropic movements and was on various committees, some of which included the District Nursing Association, being appointed association president in 1937 and serving until 1954, as well as the Clayfield branch of the Country Women's Association and the Queen Alexandra and Margaret Mair homes. Such was her charitable work that she was presented to the Queen in 1954 during her visit to Brisbane the year following her coronation. As part of her contribution to society she would lend her car and chauffeur to help people with their visits to hospitals and those requiring care in their own homes as well as providing her palatial home to host fundraising events. Eliza Ellen Tritton was awarded an Order of the British Empire in 1963 in recognition of her services to the Anglican Church and the community.
