Second book now out of print. A most extensive and important study on this period of Ch'ing dynasty cash. Originally a doctoral dissertation to the University of Munich. The author has observed minute variations in the general cash issues and from the original Chinese sources was able to establish a chronology on a yearly basis for all the mints of the Chinese rulers from 1616-1735. The second study completing the issues of cash to 1910 was never published.
